Media Statement: Special Task Force Investigates Allegations of Funds Transferred to the Prime Minister's Account

A Special Task Force, comprising the Malaysian Anti-Corruption Commission, the Royal Malaysian Police and Bank Negara Malaysia has commenced investigations on issues relating to 1MDB.

This Task Force has obtained documents which were subsequently forwarded to me for review. I hereby acknowledge receipt of these documents relating to 1MDB including documents on the alleged transfer of funds to the account registered under YAB Prime Minister Dato' Seri Mohd Najib Tun Razak's name.

I have since scrutinized all the documents submitted and have provided advice and guidance on the next course of action for the Special Task Force.

I also hereby confirm that on July 3 2015, the Special Task Force has sent an investigation team to SRC International Sdn Bhd, Gandingan Mentari Sdn Bhd and Ihsan Perdana Sdn Bhd to raid and retrieve documents from their premises.

Following the review and analysis of the documents retrieved from the raids, I have given further advice and guidance to the Special Task Force.

The investigations will focus on all aspects raised.

With the participation of various agencies, I am confident of professional and in-depth investigations.

I also hope that all parties will extend their fullest cooperation to enable the Special Task Force to carry out the investigation and avoid issuing statements that may confuse the public.

Tan Sri Abdul Gani Patail
Attorney General
