PART A OVERVIEW

1. Introduction

1.1 Compliance with Shariah requirement is a prerequisite in ensuring the legitimacy and integrity of Islamic financial products and services. In meeting this expectation, it is essential for an Islamic financial institution to establish sound operational framework and infrastructure to ensure that its conduct of Islamic financial transactions is consistent with Shariah.

1.2 The Shariah contract-based regulatory policy is intended to promote consistency of Shariah contract application in Islamic financial products and services. This policy is envisaged to strengthen legal certainty and Shariah compliance practices by an Islamic financial institution.

1.3 *Hibah* is a benevolent contract for the unilateral transfer of ownership of an asset, hereinafter referred to as a *hibah* asset from a donor to a recipient without any consideration. In the context of Islamic financial transaction, *hibah* may be arranged with other Shariah contracts or concepts, namely *ijarah*, *mudarabah*, *musyarakah*, *wakalah* and *qard*, referred to as *hibah* arrangements in Part B. An Islamic financial institution may grant *hibah* to its customer at its own discretion but subject to conditions specified by Shariah requirements.

1.4 In the case of a family takaful certificate and a personal accident takaful certificate effected by a takaful participant upon his life providing for the payment of takaful benefits upon his death, a takaful participant may nominate an individual to receive takaful benefits upon his death under the takaful certificate as a beneficiary under a conditional *hibah*, if the takaful participant wishes to do so in accordance with the requirements in Schedule 10 of the Islamic Financial Services Act 2013 (IFSA).

1.5 This policy document aims to–
   (a) provide reference on the Shariah rulings applicable to *hibah*;
   (b) set out key operational requirements for the implementation of *hibah*; and
   (c) promote end-to-end compliance with Shariah requirements, which further promote sound Islamic banking and takaful practices and safeguard consumer interests.

1.6 This policy document sets out the following:
   (a) salient features and essential conditions of *hibah* in Part B; and
   (b) regulatory and supervisory expectations for the operational requirements on governance and oversight, documentation, risk management, as well as business and market conduct in Part C.
2. **Applicability**

2.1 This policy document is applicable to all Islamic financial institutions as defined in paragraph 5.2.

2.2 For avoidance of doubt, this policy document complements and does not derogate from the requirements of Schedule 10 of the IFSA with regards to a nomination made by a takaful participant for an individual to receive takaful benefits as a beneficiary under a conditional *hibah*.

3. **Legal provisions**

3.1 The requirements in Part B of this policy document are specified pursuant to—
(a) section 29(1) of the IFSA; and
(b) section 33E(1) of the Development Financial Institutions Act 2002 (DFIA).

3.2 The requirements in Part C of this policy document are specified pursuant to—
(a) sections 29(2), 57, 135(1) and 155 of the IFSA; and
(b) sections 33E(2), 41, 42C(1) and 116 of the DFIA.

3.3 The guidance in this policy document is issued pursuant to section 277 of the IFSA and section 126 of the DFIA.

4. **Effective date**

4.1 This policy document comes into effect on 31 July 2018, except for paragraph 26 which takes effect immediately upon issuance of this policy document.

5. **Interpretation**

5.1 The terms and expressions used in this policy document must have the same meanings as assigned under the Financial Services Act 2013 (FSA), IFSA and DFIA, as the case may be, unless otherwise defined in this policy document.

ARRANGEMENT OF HIBAH WITH OTHER CONTRACTS OR CONCEPTS

16. Arrangement of hibah with ijarah contract

G 16.1 A hibah may be arranged alongside an ijarah contract, whereby the lessor (donor) may transfer ownership of the leased asset to the lessee (recipient) upon settlement of all obligations under the ijarah contract in accordance with the following methods:
(a) to grant the ijarah asset as hibah based on a binding promise (wa’d mulzim); or
(b) a conditional hibah which is contingent upon full settlement of all obligations under the ijarah contract.
16.2 Where the transfer of ownership under an *ijarah* contract is by way of a binding promise as stipulated in paragraph 16.1(a), there must be a *hibah* to effect the transfer of ownership in accordance with the arrangement.

16.3 Where the transfer of ownership under an *ijarah* contract is by way of a conditional *hibah* as stipulated in paragraph 16.1(b), the ownership of the leased asset must be transferred to the lessee once the conditions are fulfilled.

16.4 A *hibah* arrangement under paragraph 16.1 must be entered into separately from the *ijarah* contract.

16.5 A lessor may grant *hibah* to a lessee who fulfils certain agreed terms and conditions such as payment of the rental on schedule.

17. **Arrangement of *hibah* with *mudarabah* contract**

17.1 A *hibah* may be arranged alongside with a *mudarabah* contract where a *mudarib* (donor) grants *hibah* to a *rabbul mal* (recipient).

17.2 A *hibah* arrangement referred to in paragraph 17.1 must satisfy the following conditions:

   a. the *hibah* must not be sourced from the *mudarabah* capital or the *rabbul mal*’s portion of the profit; and

The granting of hibah that is solely based on the borrower’s discretion to the lender is allowed.

The borrower must not disclose, promote or market the indicative rate or prospective granting of hibah.

The borrower shall have the discretion to disclose historical information on the hibah granted provided that such information shall not—
