1 Urus niaga yang dimasukkan di dalam Belanjaan Biasa sekarang mencerminkan dengan lebih tepat kedudukan sebenar akaun semasa Kerajaan iaitu: (a) pindahan-pindahan di antara akaun Kerajaan adalah ditunjukkan atas asas kasar, dan (b) pindahan-pindahan ini telah diseimbangkan dengan potongan bersih dalam proses penyatuan. Tambahan pula, pinjaman-pinjaman yang dibuat daripada Belanjaan Biasa dan Belanjaan Pembangunan adalah sekarang diasingkan.

2 Angka-angka suku tahunan adalah permulaan. Mula daripada 1hb. Januari 1971, data yang dilaporkan tidak termasuk butir-butir hasil dan perbelanjaan bagi Jabatan Telekom kerana butir-butir ini dimasukkan berasingan ke dalam satu Kumpulan Wang Amanah Khas.

3 Termasuk hasil Kumpulan Wang Penjelas tetapi tidak termasuk pembayaran balik pinjaman oleh kerajaan-kerajaan negeri dan badan-badan berkanun.

4 Tidak termasuk pindahan kepada Kumpulan Wang Pembangunan.

5 Termasuk amalan dari Kemudahan Pembiayaan Pampasan dan Stok Perimbal IMF.

6 Termasuk hasil daripada penjualan harta dan gran daripada kerajaan dan organisasi asing.

7 Termasuk perubahan-perubahan dalam baki-baki Kumpulan Wang Amanah Kerajaan. Tanda tolak menunjukkan peniruban harta-harta.

Nota: Kalendar siaran awal bagi kategori data ini boleh didapati di laman web DSB-BIMF (<http://dsbb.imf.org>).

1 Transactions included in the Ordinary Budget now reflect more accurately the true position of the current account of the Government in that: (a) transfers between government accounts are shown on a gross basis, and (b) these transfers are netted off in the process of consolidation. Furthermore, loans made from the Ordinary Budget and the Development Budget are now separated.

2 Quarterly figures are preliminary. From 1 January 1971, data reported exclude revenue and expenditure items of the Telecommunications Department, these being accounted for separately in a Special Trust Fund.

3 Include Sinking Fund revenue but exclude loan repayments by state governments and statutory authorities.

4 Exclude transfer to Development Fund.

5 Include use of IMF Compensatory and Buffer Financing Facilities.

6 Include proceeds from the sale of assets and grants from foreign government and organisations.

7 Include changes in Government Trust Fund balances. A minus sign indicates the accumulation of assets.

Nota: An advance release calendar for this data category is published on the IMF's Dissemination Standards Bulletin Board (<http://dsbb.imf.org>).
